New Equipment Opportunity for 2023-2024! The Refrigeration Station Kit

Keep meals cool with a Refrigeration Station Kit!

It is critical that your food storage equipment keeps foods at correct temperatures for the safety of your students. Yet, refrigerated storage is a top concern for school nutrition directors. The Refrigeration Station can help you ensure proper food storage temperatures, as well as offer nutritious meals to your students.

Product Benefits:

- Refrigerators increase access to healthy snacks/meals.
- Used on the cafeteria line, students will be able to select their food and beverage items with speed.
- Low-cost product with long-term positive effects.
- Refrigeration is a relatively low-cost and sustainable way of improving snack quality for students.

The application window will be open from Tuesday, April 11—Tuesday, May 2
